PSC Docket No. 2005-385-E

Duke Energy Carolinas, LLC's Compliance with Order No. 2008-416

Dear Mr. Terreni:

Duke Energy Carolinas, LLC ("Duke Energy Carolinas" or the "Company") wishes to inform the Public Service Commission of South Carolina (the "Commission") that it is in compliance with Commission Order No. 2008-416 in the above-referenced docket. The Company has made available for its customers two net metering rate options: (1) Rider NM, a time-of-use rate option; and (2) Rider SCG, a flat rate tariff option.

Further, Duke Energy Carolinas has placed additional content on its website regarding interconnection procedures for customer generators, including explanations of tariffs and configuration options diagrams for net metering and other sell-all customer generation installations. The Company has also added a new Customer Generation and Solar Energy Frequently Asked Questions section to better explain the options for installing renewable energy systems. Customers may also download all forms from this website that are necessary to submit an *Application for Interconnection* to the Company, including interconnection standards, an interconnection agreement, rate information, and an interactive application form. The information can be accessed from the Palmetto Clean Energy (PACE) page on the Duke Energy website or directly on the Duke Energy website at <http://www.duke-energy.com/customer-owned-generation>

Finally, Duke Energy Carolinas has provided Customer Contact Center employees with additional informational resources on net metering and customer generation to enable them to better respond to and direct specific customer inquiries to the appropriate Company personnel.

Please do not hesitate to contact me if you have any questions or concerns regarding Duke Energy Carolinas' compliance actions.

Sincerely,

A handwritten signature in cursive script, appearing to read "Deedie H. Russell for".
